

Creating a Student Wish List

The online Book Fair allows students to create a Wish List of books to share with friends and family. This offers a great opportunity for loved ones who live far away to participate in the Book Fair. Best of all, purchases benefit the school and orders ship to school for FREE!

Create Your Wish List:

- Find your school at www.scholastic.com/fair, then click the **Shop Now** button on your school's Book Fair homepage.
- To add items to your Wish List, click the **Add to Wish List** button under any book. Books will automatically be added to your Wish List.

View Your Wish List:

- Click on **Wish List** at the top of the page to view your list of books.
- **Important:** When you view your Wish List for the first time, you will be asked to log in with an email address and password. *Students will require an adult to complete the registration information.*
- To view or modify your Wish List at a later date, go to **My Account** at the top of the page to log in and then click **My Wish List**.
- Multiple Wish Lists can be created under a single registration—great for multiple students in a family.

Share Wish List With Family and Friends:

- Send your Wish List via email by clicking on the **Send Your Wish List** button at the bottom of your Wish List page (see example below).
- Enter email addresses of friends and family. *Scholastic does not capture or save any email addresses.*
- When complete, click **Send Your Wish List**. If you have more than five emails to send, repeat the process.
- When a book is ordered from the Wish List, it will show in the “Ordered” column (see below).

Item	Description	Ordered	QTY/Price
